Awards

Josh organized the silent auction that benefits our scholarships and put out the call for donations via listserve and at his institution. Karen put out a request at her institution also. Little response of donations this year. Committee will discuss other ways to present this fundraiser or other ideas for next year.

- [Michelle Francis Scholarship](#)
 - No applications were received this year.
- [Thornton W. Mitchell Service Award](#)
 - Three nominations for the award were received. Member at Large, Stephanie Bennett, assisted with the selection process. Hannah Cox was asked to help but could not as she works with one of the nominees. We chose Pamela Mitchem, Coordinator of Digital Scholarship and Initiatives, Belk Library & Information Commons at Appalachian State University as the recipient. Thank you to Josh and Stephanie for their contributions and to Hannah for her willingness to help.

Respectfully submitted,

Karen Feeney
