The Archives Month Committee and SNCA members promoted archives across the state with the theme: "From Moonshine to Microbrews: North Carolina's Brewing History"

Poster and Bookmarks:

The committee solicited image submissions via the SNCA listserv as well as on the SNCA website. We solicited and received images from 4 institutions for the design of our posters and bookmarks.

Committee member Jennifer Motszko designed the poster and bookmarks. The committee made a call for institutions wanting the promotional materials. We received requests from 34 institutions for 96 posters and 1420 bookmarks.

Online versions were available via the web site for repositories to print out:

We expended roughly \$450 on printing and postage costs. The normal budget allotted for Archives Month is \$650.
